

Dear Healthcare Professional,

I am pleased to be giving my recommendation for RadSciences Group. I have nothing but wonderful things to say about my working experience with them. They are very responsive and maintain excellent communication throughout the recruiting process. They do not just send over masses of resumes for me to review, but instead always provided good quality candidates and exceptional service. They are always very professional and respectful of my time.

We are very satisfied with the quality of service provided by RadSciences Group and we continue to work with them for our staffing needs. On a scale of 1 to 10, I would rate them a 10 on providing excellent communication, outstanding service and quality candidates.

I would be pleased to speak to you further about our experience with RadSciences Group should you have any questions.

Sincerely,
