

Dear Healthcare Professional,

Over the past year, I've had the opportunity to work with RadSciences Group. I would like to say that they are definitely one of the better recruitment companies I have worked with. They are continually in contact with me throughout the process and were always readily available to me when I have questions or comments.

Our consultant did a thorough job of screening and qualifying each candidate before he sent them to me, and this really saves me time. They take great pride in getting the job done right and they do it with a very open and honest approach.

Like you, we don't like using search firms. But should we ever be in a position where I need to use a Radiology recruitment firm, I will definitely use RadSciences Group again. If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "C. Pietrangelo", written in a cursive style.
