Dear Allied Healthcare Professional:

Please let me take some time to discuss our relationship with RadSciences Group. Like you, I get 20 calls a week from recruitment firms trying to tell me they know what I need. However, I use RadSciences Group for the simple fact that they offer a quality product and give quality service. In the last few months, I have hired 4 technologists that came from them, and ONLY them. I am very picky when it comes to candidate experience and background, and they send me people who are outstanding. They provide excellent service and superior responsiveness. Our allied health recruiter is RadSciences Group.

Very truly yours,
