Dear Colleague:

RadSciences Group is a top-notch organization. I am extremely satisfied with the quality of candidates and service I have received from them. Over the past year, I have recommended this firm to several facilities and strongly recommend them to you today.

On a scale of 1 to 10, with 10 being the best, I would have to rate RadSciences Group an 11! My recruiter is always available when I need him. Whether my questions are specific to a candidate or to a position, I know I will always get the best answer.

I will continue to use this group because I know that I am valued as a customer, and they are always there for me when I need help. If you need additional information, I would be more than pleased to share my experiences with you!

Continued Success,
